## PROFILE INFO

Software Engineering Lead with 5 years of proven experience in designing, developing and delivering scalable, high-quality software solutions. Skilled in full-stack and mobile development using React, Angular, Spring, Node.js, Express.js and NestJS. Adept at defining software architecture and design patterns, guiding cross-functional teams, mentoring junior engineers and driving projects from conception through successful deployment.

## EXPERIENCE

### SOFTWARE DEVELOPMENT TEAM LEAD 2024 - 2025 Adalı Turizm — Istanbul, Turkey

Led the creation and structuring of SaaS projects (including yesilpasaportlular.com.tr), ensuring migration to a scalable model and managing development from concept through on-time launch.

### SENIOR FRONT-END DEVELOPER 2022 - 2024 Alfanova — Istanbul, Turkey

Orchestrated the development of a SaaS CRM platform comprising 15-20 microservices with integrated business logic, led the full development lifecycle, conducted code reviews, and mentored junior developers to boost team efficiency.

### FULL-STACK DEVELOPER 2022 - 2022 Apti — Istanbul, Turkey

Led development and testing of applications using MySQL, Java, SQL Server, and Spring. Implementing MVVM, MVC, and Repository architectural patterns

## ACHIVEMENT

- Expert in backend with Java, Node.js, Spring Boot & NestJS. Authored articles on NestJS best practices.
- Deployed on AWS (EC2, RDS, S3), managing scalable SaaS platforms.
- Authored database design and backend development articles (MySQL, Hibernate, NestJS) on Medium, sharing insights with developer community.
